

I do not want the LPFM stations to have priority over current FM translator services. This change could affect my area K-LOVE station 88.9. K-LOVE is uplifting, family-safe and has a positive effect on my local, as well as national community. K-Love supports wholesome values which America is in dire need of. I would be extremely disappointed if K-LOVE were replaced by other LPFM programming. I feel many people would miss hearing the positive message relayed by K-LOVE, and Oklahoman's, as well as Americans need it. Thank you for your time and consideration.

Sincerely, Lisa Kirk
